## Another tall ship may sail into the harbour

Trevor Bevins

Reporter | trevorbevins@gmail.com

WEYMOUTH could have a tall ship in harbour this summer.

Adventure Under Sail, which runs the Pelican, says that it has been in talks with the operators of the Earl of Pembroke to offer sails from the Dorset harbour later in August and September.

Pelican is to remain based in Liverpool, for the time being, before taking part in the Clipper 2017-18 Race and then briefly returning to Weymouth in October before departing to the Canary Islands for the winter season.

*View from Weymouth* reported, exclusively, last week that the Pelican, which maintains its office headquarters in Weymouth, has no plans to return to the Dorset port this summer.

Cllr Ian Bruce made

contact with *View from Weymouth* this week to seek more information about the story and contact numbers for Adventure Under Sail: "If we have not made life as easy as we should for Pelican I am keen to learn about it," said Mr Bruce.

He added that he would welcome news of another tall ship operating out of the harbour, if not Pelican.

The Chief Officer of Adventure Under Sail, Adrian Ragbourne, told us in a statement which arrived after publication: "The Tall Ship Pelican has enjoyed a long standing relationship with Weymouth."

"The Weymouth harbour team have been very accommodating and Keith Howorth has always given us his support. Despite this, our role

■ TS Pelican with its new livery in May this year

as a sail training vessel whereby we primarily train 15-24 year olds not in education, employment or training (NEET) takes us away from Weymouth for many months of the year.

"As a Dorset-based charity we continue to be based from Wey-

mouth and support young people from Dorset as well as wider afield."

He said that it was decided to keep Pelican in Liverpool following a training voyage in June and a dry-dock visit in April, to participate in the Three Cities Festival.

"She will then sail with Dorset trainees aboard for a training voyage planned to end in Weymouth in early October. The Pelican will sail to the Canaries to offer

training throughout the winter.

"Adventure Under Sail, the charity that operates The Pelican, has been working with another Tall Ship The Earl of Pembroke, to offer day sails from Weymouth in August and September whilst she is sailing elsewhere."

Mr Ragbourne said that anyone interested in sailing aboard The Pelican can join as part of the crew to participate in the sail training programme - for those

aged between 15-24 and qualifying as NEET (Not in employment, Education or Training) a bursary may be available.

## Vandals cause damage on construction site

OFFICERS are appealing for witnesses to come forward after a building site in Weymouth was broken into two nights in a row.

Police received a report on the morning of Tuesday, August 1st that an industrial unit at Link Park in Chickerell, which is still under construction and around 80 per cent complete, had been broken into on consecutive nights and extensive damage had been caused.

The offenders had got in through the perimeter fencing and caused damage to machinery and tools as well as the walls of the unit, glazing panels, tiles and fittings. Fire extinguishers were let off and paint tins were opened and the contents thrown around.

Some of the damage was believed to have been caused on the night of Sunday, July 30th but the majority occurred on the night of Monday, July 31st.

It is estimated that the clear-up and repair operation will cost the building firm several thousand pounds.

Security has since been increased on the site and officers have been making enquiries, including visiting local businesses, as part of their investigations.

Police Constable Ryan Lloyd, of Weymouth police, said: "These mindless acts of vandalism will cost the firm involved a considerable amount of money and caused a major inconvenience."

"I would urge any witnesses to the incident, or anyone who has seen any suspicious activity around the site on the nights in question, to please contact me."

Anyone with information is asked to contact [www.dorset.police.uk](mailto:www.dorset.police.uk), via email [101@dorset.pnn.police.uk](mailto:101@dorset.pnn.police.uk) or by calling 101, quoting occurrence number 55170117785.

# Freemasons fund adventure holiday for 200 youngsters

THE efforts of Dorset Freemasons and the support of others across the country will see over 200 deserving children enjoying a free adventure holiday for a week this month.

This project, conceived in Dorset, is a unique way for Freemasonry to work for the benefit of the wider community.

It also provides an unprecedented opportunity to celebrate 300 years of Freemasonry in England.

The free holiday has been organised by Dorset Masons and is entirely funded by a large number of Masonic Lodges and their members.

The children will take part in sports, adventure, land and water-based activities supervised by pro-

fessional staff at a holiday centre near Weymouth.

Along with the fantastic outdoor facilities, the centre also has a selection of indoor facilities including climbing walls, a large sports hall and an activity zone.

Watersports take place just a short coach journey away on the nearby Isle of Portland, at the multi-million-pound facility where the 2012 Olympic sailing events were held.

The project has received national recognition and will be visited by the Assistant Grand Master of the United Grand Lodge of England, as well as distinguished Freemasons from across England and Wales during the course of the event.

**FOLLOWING the success of last year's clay shoot, the Dorset branch of the National Gamekeepers Organisation (NGO) organised a similar event in April at Mappercombe near Bridport, courtesy of the Crutchley family.**

The day was blessed with sunshine throughout and a large number of teams ensured the day was a great success.

The event proved even more profitable than 2016 and the selected community charity was children's hospice, Julia's House.

Cheques exceeding £700 were presented to Gill Slade, Dorchester Friends of Julia's House chairperson, by Jan Grocott and Nick Jones, members of the NGO organising committee.

# County council transport services under way

COMMUNITIES across Dorset are working together to find transport solutions that work for them.

Dorset County Council has a community transport fund that can help kick start a scheme. There is also a handy toolkit that gives helpful advice on what to think about before you start.

There are currently over 60 schemes covering 91 per cent of the county. These arrange transport for social events, medical appointments and getting people to work.

They can run to regular timetables, are sometimes bookable, or can be one-offs to take people to local events or attractions.

Cllr Daryl Turner, the county council's Cabinet member for natural and built environment,

said: "In the current financial climate the role of the county council in subsidising public transport has had to change.

"Instead of imposing timetables, we are working with communities to help them find solutions that fit better and are not reliant on future funding."

A few schemes have started for a trial period over the summer holidays using a number of different bus operators.

A bookable Saturday mini bus service will run for a trial period between Blandford Forum and Salisbury. It will collect from all the villages along the route diverting off the main road. It has been negotiated by local county and parish councillors with NORDCAT. To book call NORDCAT on 01258 473154.

The Bridport Community Bus (CB3) is a Saturday service connecting Beaminster to Bridport with four return journeys. Both town councils have worked with the county council to secure this service.

Dorset Community Transport are providing

a number of services during the summer holidays. These include:

- Service 44 and 210: Bridport - Litton Cheney & Bridport - West Bay;
- Service 71: Lyme Regis Town Service;
- Service 73: Powerstock - Bridport;
- Service 88: Sturminster Marshall - Wimborne - Colehill;
- Service 97: Fordingbridge - Cranborne/Verwood

A Piddle Valley Ring and Ride is running a bookable Wednesday and Friday service into Dorchester. You must book your seat on this bus by 3pm the day before - call 01305 228965.

And a Monday to Friday Ring and Ride service will connect Maiden Newton through villages to Dorchester. It is bookable by 3pm on the day before - call 01305 228965.

## Four-year-old hit by a car

Police are appealing for witnesses after a serious road traffic accident involving a car and a four-year-old boy in Weymouth.

The incident happened at around 11.20am on Saturday, August 5th near to the tennis courts along Radipole Park Drive.

A grey Volkswagen Golf - being driven by a 23-year-old local woman - was in collision with the boy.

As a result the child sustained serious injuries and was flown by air ambulance to Bristol Children's Hospital, where his condition is not believed to be life-threatening.

Police Sergeant Craig Tatton, of the traffic unit, said: "Specially-trained officers from Dorset Police are supporting the boy's next of kin at this difficult time.

"I am appealing to anyone who witnessed the collision to please contact me."

Anyone with information is asked to contact Dorset Police at [www.dorset.police.uk](http://www.dorset.police.uk), via email [101@dorset.pnn.police.uk](mailto:101@dorset.pnn.police.uk) or by calling 101, quoting incident number 5:157. ## More help needed

CHANGES to benefits have led to a dramatic increase in the number of queries being dealt with by the county's eight Citizens Advice offices.

Overall 26,879 people turned to local Citizens Advice for assistance with 66,130 problems in the last financial year, ranging from employment to energy; this was an 8 per cent increase in clients on the year before.

The CABs say the top issues were benefits (23,900), debt (10,300), housing (6,050), employment (5,200), relationships and family (4,250).

Citizens Advice saw a 63 per cent increase in the number of sick and disabled people coming in with benefit issues relating to Personal Independence Payments (PIP) - in particular needing support regarding the eligibility criteria, making a claim and appealing against a decision.

Said Caroline Buxton, Executive Manager, Citizens Advice in Dorset: "Problems with benefits are always some of the most common problems that we see, but this year the number is much higher than previous years. PIP was the single biggest benefits issue people turned to local Citizens Advice about, and in a 12-month period we helped with over 5,000 PIP problems. A recent report by local Citizens Advice highlighted the problems with PIP, including significant delays in processing claims and unsatisfactory medical assessments. Many people with long-term health issues are facing a daunting struggle to apply for or retain PIP, and Citizens Advice plays a vital role in supporting them."

Anyone requiring advice or support can get help online at [www.citizensadvice.org.uk](http://www.citizensadvice.org.uk) or from 0344 241 1291/0344 411 1444. There is also a dedicated phone line for consumer issues on 03454 04 05 06.

■ THE Ladies in Wey-ting at the site of the new Cancer Unit at Dorset County Hospital with Simon Pearson, Head of Fundraising at Dorset County Hospital Charity

## Ladies in Wey-ting boost for hospital cancer appeal

DORSET County Hospital's Cancer Appeal is £2,000 better off after a donation by local fundraising group, the Ladies in Wey-ting.

The six local women make up a group who fundraise and support a number of charities in the Weymouth and Dorchester area. They run their own fundraising events during the year, raising money for projects and organisations about which they feel passionately.

One such cause is the Cancer Appeal being run by Dorset County Hospital Charity. The appeal is raising £1.75 million to build a cancer outpatients department at the Hospital in Dorchester.

Sue-Jane Smith of the Ladies in Wey-ting said: "We always try to stage events that people will find enjoyable, whilst raising funds for exceptionally worthy causes. This focuses attention on the importance of the appeal in hand. The improvements in cancer services for the people of this

part of Dorset will be immeasurably significant - it is always an enormous pleasure to help Dorset County Hospital."

To raise the money, the group organised a race night in Weymouth's Hope Square in July. In previous years the group has visited the hospital on several occasions to make donations towards a dementia day room and to the Kingfisher children's ward.

Another member of the group wanted to support the appeal because the project will bring improvements to the hospital's existing chemotherapy unit. When the new building housing the radiotherapy machines and the charity's outpatient department is complete, planning will start in the Fortuneswell unit - this will result in patients being able to have friends and family staying with them while they are undergoing chemotherapy - something patients and staff believe will be of benefit to many patients and their families.

Simon Pearson, head of fundraising said: "This is an impressive donation from a small group of dedicated people. We understand that the race night where the money was raised was a great success with people enjoying the evening and also taking considerable interest in the Cancer Appeal itself - this is all round an excellent result and one for which we are very grateful."

The Cancer Appeal is funding an Outpatients Department for all cancer patients at the hospital which is being built on top of the new Radiotherapy Unit currently under construction. It is part of a £9 million partnership project with Poole Hospital bringing radiotherapy services to Dorchester for the first time.

If you would like to support the appeal by making a donation or organising a fundraising event please contact the Charity on 01305 253215, visit [www.dchft.nhs.uk/charity](http://www.dchft.nhs.uk/charity) or email [charity@dchft.nhs.uk](mailto:charity@dchft.nhs.uk).

## Council tax clarification

LAST week the **View from Weymouth** published an article inviting residents to have their say on whether Weymouth should set up its own town council to give people a local voice if the government approves the Future Dorset proposal to replace nine councils in Dorset with two unitary authorities. If this proposal goes ahead Weymouth and Portland Borough Council would be abolished.

The information given was taken from the [dorsetforyou.gov.uk](http://dorsetforyou.gov.uk) website but we have been asked to point out that the council tax point should have read as follows:

**'Council tax would likely be adjusted to pay for the town council. If a town council is set up in Weymouth, it's likely that the new unitary council would reduce council tax. This would allow the town council to set its own council tax.'**

There are still two roadshow events to take place so that the public can discuss the proposals with councillors and officers. These are ■ **Wednesday, (today) August 9th, 1pm to 4pm**, Wyke Gardens.

■ **Thursday, August 24th, 10am to 1pm**, The Esplanade (outside the beach office).

The Future Weymouth consultation runs until September 1st. You can also have your say by completing the survey online at [www.dorsetforyou.gov.uk/future-weymouth](http://www.dorsetforyou.gov.uk/future-weymouth)

## Fishing boat taking on water is towed back to shore

■ The lifeboat approaches the stricken fishing vessel

WEYMOUTH RNLI all-weather lifeboat and the Lyme Regis Inshore lifeboat have helped rescue a fishing boat taking on water 12-miles west of Portland Bill.

They were launched at 10pm on Saturday, August 5th with the Coastguard helicopter from Lee on Solent with an extra pump on-board also dispatched to the scene.

The 50' Brixham fishing vessel, *Pisces*, was taking water into the bilges. It later transpired that an engine pipe had broken loose and was filling the boat with water.

By the time that the lifeboats arrived on scene the situation had stabilised with the water under control.

Weymouth lifeboat took the vessel under tow back to Weymouth Harbour arriving back

onto its berth at about 2am on Sunday.

● Last Thursday, August 3rd, saw the Weymouth RNLI Inshore Lifeboat launched at 11.47am to a report of a person in the water in Weymouth Harbour.

The lifeboat searched all areas on its way towards Westham Bridge and found the person in the water at 11.52 am. The person had fallen off a boat moored on the pontoon opposite the public slipway.

The person was in a life ring, being held alongside by a family member, between the boat and the pontoon, but was unable to get out without help.

A lifeboat crew member entered the water, swam to the casualty and assisted them to the lifeboat.

## £3,000 boost for Dorset charities

DORSET Freemasonry hosted the Masonic Annual Charity Event Bowls Competition this week, as part of their celebration of 300 years of English Freemasonry.

The event supported three Dorset Charities: Julia's House, the Victoria School for Disabled Children and the Dorset and Somerset Air Ambulance. With sponsorship from various lodges, businesses and raffles held on the day, a total figure of around £3,000 was raised. Sue Maggs, the secretary of Dorchester Bowls Club, and her team provided first class service

and organisation throughout the event.

The event was officially opened by the Provincial Grand Master for Dorset, Richard Merritt, and 96 Masonic bowlers from all over the UK competed in a closely fought contest with a team from London being declared over- all winners.

As well as a large amount of local support, leaders of Freemasonry from Middlesex, Devon and Sussex travelled to the county town to support this charitable and sporting event.

# TV psychologist to be keynote speaker at health care awards

CHILD psychologist and co-host of BBC's 'The House of Tiny Tearaways,' Professor Tanya Byron, will be the keynote speaker at Dorset HealthCare's Annual Members' Meeting next month.

The day of events – which is free to attend and open to the public – will take place on Wednesday, September 13th at the Weymouth and Portland National Sailing Academy.

Guests will also be able to enjoy a staff awards ceremony highlighting outstanding patient care, along with a buffet and live music from the Trust's own staff choir.

Dorset HealthCare provides NHS inpatient and community-based care across Dorset, covering both physical and mental health. The Annual Members Meeting brings together members, patients, staff and the wider public to reflect on the work of the past 12 months, and look to the year ahead.

This year's event will have a focus on children's and young people's mental health, and the packed agenda will feature a talk

by Professor Byron, who specialises in working with children and adolescents.

She authored the Byron Review to examine the effects of the internet and video games on child development. Her therapy skills were showcased on the BBC Three reality show, co-hosted with Claudia Winkleman, which provided help for parents struggling to cope with child behavioural problems.

Trust Chair Andy Willis said: "This is an event for the whole community. This year's focus on the health needs of young people will make the event of particular interest to young people themselves, as well as parents and grandparents who would like to learn more about the mental health needs of the next generation."

Following a lunch for local carers and Trust volunteers, the main agenda will start at 2pm. Guests can attend the whole day or just individual events.

For more information and to book your place, call 01202 277085 or go to [www.dorsethealthcare.nhs.uk/amm](http://www.dorsethealthcare.nhs.uk/amm).

## Going wild about Chesil

DORSET Wildlife Trust's Chesil Beach Centre is holding its annual wildlife event this Sunday, August 13th.

The event, which is open from 10am-5pm, includes crafts, moth discoveries and marine encounters, walks and boat trips on the Fleet Explorer.

Southern Co-op is supporting the event as part of their 'Love Your Neighbourhood' community investment programme.

## Concern over safety of pedestrian crossing

DORSET County Council says that the newly revamped pedestrian crossing at the Great Western crossroads in Dorchester is perfectly safe if used properly.

Reader David Henshaw contacted the **View from Dorchester** this week because he was concerned about people having near misses with traffic at the crossing.

He said: "The Great Western crossroads in Dorchester has just been revamped at a cost of half a million or so, I believe. It all looks very good, and the idea is to let pedestrians cross more easily for longer periods by banning right and left turns from Great Western Road, but the way they've actually set it up means that the pedestrian phase is often only ten seconds or less, then pedestrians have a red light even though it's still clear to cross. This results in people running across, and of course the danger with that is they don't understand when it's safe to run across and when it isn't, so they end up having near misses with cars. I saw a couple of these incidents while watching for ten minutes the other day.

"Perhaps the Highways Department could explain why they have done this?"

A Dorset County Council spokesperson said: "Pedestrians should start crossing when they see a green man, and detectors at the crossing ensure pedestrians have finished crossing before traffic is allowed to move - there is no need to run across the road.

"It is not safe to start crossing when there is a red man displayed - this means there is a traffic lane on green or on its clearance period, where drivers are given time to pass through the junction before another lane or a crossing is given a green light."

## New art gallery for Dorchester

■ **GEORGIA Walker and Georgina Willis at Dorchester Art Gallery**

A NEW art gallery has opened in Dorchester's Brewery Square. Offering original paintings, collectable limited editions and sculpture from internationally acclaimed artists, Dorchester Art Gallery will also be exhibiting emerging talents on the contemporary art scene.

Light and spacious, with a seating area and viewing room, the whole area is suffused with natural light from windows which command a view over the Square. The exhibitions will be always changing as the team keep the walls fresh with new artwork.

Gallery owners Hannah Webster and Geoff

Wick said: "Dorchester Art Gallery was created to make the amazing world of contemporary art accessible to everyone in the town and surrounding areas. Artwork is a wonderful way to express yourself in your home and transform it into your personal sanctuary - after all, we all need somewhere to recharge after a busy day!

"We are really looking forward to getting to know the area's art lovers, and hope that people will drop in, introduce themselves and register for invitations to our forthcoming events."

## Moonspray visit

LOCAL yacht clubs are hosting a visit by the yacht, Moonspray, which is sailing around Britain to raise money for the Ellen MacArthur Cancer Trust.

The vessel and its crew will be at the Weymouth Sailing Club today, Wednesday 9th, and at Portland Yacht Club the following day, Thursday 10th.

The Portland Yacht Club barbecue in the evening at The Boat That Rocks will help swell local fund-raising efforts for the charity.

The Ellen MacArthur Cancer Trust was founded by Ellen MacArthur in 2004. The purpose is to rebuild the confidence of young people who have, or have had, cancer. Many of them have been isolated from their peer group because of treatment, or because their experiences are so different from their contemporaries, and they have often lost confidence in themselves and their abilities. The Trust creates a safe place for them to meet other young people who have undergone similar experiences. They run trips throughout the summer months in Scotland, Cowes, at a residential centre, and recently on the canals for those whose mobility issues make sailing very difficult.

The Round Britain Trip is aiming to raise awareness of the work of the Trust.

## Litter bins return

LITTER bins are being installed at six sites in Weymouth's Park District as part of a trial period.

The move follows requests from the local community for their return. The litter bins were taken away a few years ago following repeated fly-tipping around them.

Dorset Waste Partnership and the borough council are asking residents to keep an eye on the litter bins and report any fly-tipping with any details of irresponsible residents to Dorset Waste Partnership.

■ **CARTON recycling champion Rachel Edwards, right, with the director of Dorset Waste Partnership Karyn Punchard**

## Cartons can continue to be recycled

RACHEL Edwards of Upwey has been chosen as the winner of the Dorset Waste Partnership's (DWP) carton recycling competition.

Plasticised cartons, such as those used for food and drink packaging, such as juices, soup, milk and sauces need to be recycled separately from cardboard and paper.

As the cartons cannot currently be recycled at the kerbside, the DWP want to maintain the carton bank service by increasing the amount being recycled and reducing the amount of incorrect items being placed in the banks.

They recently ran a competition to promote the carton recycling banks, which are situated in around 20 different locations across the county. Entrants had to write their contact details on a carton and pop it into a carton recycling bank, with three lucky winners selected at random to receive a year's garden waste collection service.

Hundreds of cartons were entered into the competition, which was launched when the carton recycling banks were in danger of being withdrawn due to under-use and too many incorrect items being placed inside them.

Winner Rachel Edwards (said she regularly collects her cartons and takes them to Dorchester whenever she's in town to drop them at the recycling bank.

The success of the competition has meant that the DWP's contractors, who empty the banks and recycle the cartons, have agreed to continue providing the service for the time being.

Karyn Punchard, director of the Dorset Waste Partnership, said: "Congratulations and thank you to Rachel for recycling her cartons and using the service correctly. But the real winners are the people of Dorset who can carry on recycling their cartons using the banks.

"While it's too early to tell if more cartons are being recycled, we have already noticed a significant drop in the amount of incorrect items being placed in the banks. This means that our contractors can continue to provide the recycling service at our various car parks.

"With around 20 locations around Dorset, it's easy for most residents to flatten them down and drop them off next time they're near a carton recycling bank."

## Village market

A VILLAGE market is being held at Preston this weekend to benefit St Andrew's Church.

It will raise funds for HomeStart West Dorset, an independent charity offering friendship, advice and practical help to local families with young children and the St Andrew's Church Fund.

Entry is free but donations to the chosen charities will be gratefully received.

## Litter bins return

STRATTON will be running its own coffee shop in the village hall this Thursday, August 10th.

It will be open from 10.30 - 12noon and offers a chance for village residents to come and have a chat with friends, and make new friends.

DESPITE temperamental weather, the Dorchester One World festival saw residents and visitors join together to celebrate the diverse cultures in Dorset.

Families were out on force to enjoy the community spirited day, as there were plenty of activities and food to get stuck into, as well as charity stalls and craft stalls to enjoy. The event took place at the Borough Gardens over the weekend.

Organisers took to Facebook following the event and thanked all those who made the day possible: "A huge thank you to all the stall holders, performers and caterers for taking part in another successful Dorset One World Festival 2017. And an even bigger thank you to all the people who attended despite the appalling weather we had. Hope you all had a great time!" they said.

The festival is the brainchild of local resident Khalique Miah and his friends, the 'Speak Easy' Group, who encourage networking and socialising with ethnic minority groups and the community.

■ **WALL ties being replaced at Thomas Hardy's former home Max Gate**

## Conservation work at Hardy's former home

THOMAS Hardy's Dorchester home, Max Gate, is having a facelift. The original wall ties, put in by the writer more than 130 years ago, have rusted through and are now causing the brickwork to crack. They are being replaced by the National Trust building team. The work will be happening on selected days throughout the summer and early autumn, giving visitors the opportunity to see this conservation work in action.

Although now best known as a writer, Thomas Hardy originally trained as an architect in Dorchester. On qualifying, he moved to London and worked for the architect Sir Arthur Blomfield.

Later in life he embarked on a self-build project, enlisting his family of builders and stonemasons to help. Max Gate was the product of this enterprise, a red brick built villa complete with turrets. It was here that he penned 'Tess of the D'Urbervilles' and 'Jude the Obscure'.

Hardy was part of the first wave of archi-

itects to use iron wall ties in the construction of cavity walls. The cavity serves to keep the two leaves of brickwork apart, preventing damp from passing from the outside to the inside of the wall. Early metal ties were typically cast or wrought iron either untreated or dipped in tar and sand before being put in the wall. The ties span the cavity to give the wall structural stability.

Neil Johnson, the Building Surveyor working on the project said 'When built over 130 years ago the cavity wall construction of Max Gate was state of the art construction that is still the principle form of modern houses today. It is a privilege to be involved in such an important project to repair and conserve an early example of modern construction.'

Max Gate and Hardy's Cottage (his birthplace which is nearby at Higher Bockhampton), are open to visitors daily until October 31st from 11am-5pm, and on Thursday to Sunday from November 2nd from 10am -4pm.

# Enjoy a behind the scenes look at Dave Cumber Vets

A VETERINARY surgery in Weymouth is holding a behind the scenes open day on Sunday, August 13th.

Dave Cumber Vets will open their surgery located at Link Park, Chickereil Link Road, from 10am until 4pm.

Dave Cumber said: "This should be a very exciting day for the team, our clients and our animal patients. It will give everyone a chance to have a good look behind the scenes at the new surgery to see and experience some of the new equipment and facilities as well as meeting our vets, nurses and other members of the team."

As we are in the business of health and well-being, the team decided that Link Park really should have a lifesaving human heart defibrillator installed on site, just in case anyone should need it, as most of the team at Dave Cumber Vets are trained to use a defibrillator. The defibrillator would be at the veterinary surgery and we need to raise around £1,500 for the equipment. It is hoped that we can raise some vital funds towards this at the Open Day."

The day will begin at 10am with Wessex FM broadcasting live from the Weymouth surgery. Wessex FM will also be hosting their popular "Crack the Safe" game where visitors could win a 12 months membership to the Dave Cumber Vets pet health care plan.

There are lots of things for visitors to do during the day and behind the scenes tours of the surgery will take place every 30 minutes from 11am with a quiz at the end of the tour. A free doggy park and crèche for animals to

■ DAVE Cumber and team at the Link Park surgery

relax in will be available to allow owners take a look around the surgery.

Visitors will be able to meet the team, attend 'pop up clinics' which will include top tips on how to give your pet a pill, how to tell if your pet is ill and advice on dental care, health and wellbeing plus free pet weight checks.

There will also be an opportunity to have pet portraits taken and to enter the raffle and a free prize draw. Stalls will include, pet merchandise, pet food and supplies, ice creams and homemade cakes and free dog microchip checks.

Rebecca Wyatt, a registered physiotherapist will also be at the open day

giving animal demonstrations at 12noon and 2pm and the Cats Protection Society will be on hand with a large stall of goodies and information for cat lovers

Mr Cumber went on to say: "The overall objective of the open day is to welcome existing and new customers from Weymouth and Dorchester to view the new surgery at Link Park. We also want to raise funds for the Link Park human defibrillator. Please come along and take a look behind the scenes at Dave Cumber Vets."

## Old Hardyans 179-9, Thomas Hardy School 174-8

IN the dramatic final two overs, Thomas Hardy School needed just ten runs to win with four wickets left, in the annual cricket match against the Old Hardyans, the old boys of Hardy's School.

A school victory seemed certain. However, tight bowling by the experienced old boys resulted in the School XI still needing five to win off the last ball. A fine stumping by Nick Roe saw the Old Hardyans secure victory by the slender margin of just five runs.

As tradition dictates, the old boys batted first, but were soon in trouble losing Dorchester CC Captain Simon Mitchell early for one, to a sharp delivery from George Foot. James Dunham [31] and Josh Foot [27] batted sensibly, putting on 50 for the next wicket. A mid order collapse then followed with Matt Porter, Sam Roles, Steve Clifford and Dan Belt all going cheaply. A late revival by Martin Richards [34 not out] and Simon Joslin [29] took the Old Hardyans to a respectable 179-9 off the full 30 overs. The School had bowled well in batting-friendly conditions- Nick MacCloud was the pick of the bowlers, taking 2-19 from his six overs. George Foot took 2-30 and Dan Stephens 2-26.

After a superb tea, Thomas Hardy School set about the challenging total with gusto, openers Ben Macklin [31] and Jonny Stewart [51] putting on 70 for the first wicket in just nine overs. Orlando Bailey [43] played well in the middle order, with George Foot [13] hitting a

huge six into the School. The introduction of off-spin however turned the game, with Josh Foot taking 2-34 and Sam Roles 2-27. Two sharp run outs also helped the Old Hardyans' cause. Needing just ten to win off the last two overs with four wickets left, it seemed a school victory was certain. Tight bowling meant that they still needed five to win off the last ball. A

fine stumping by Nick Roe saw the Old Hardyans secure victory by the wafer thin margin of just five runs, with the school at 174-8.

"This was an excellent performance by a young school team, who pushed our experienced Old Hardyans side to the very last ball," said Old Hardyans' captain Tony Foot. "Despite very few cricket fixtures on the calendar

these days, due to other school pressures, Head of Sport Geraint Hughes continues to produce cricketers of real skill and composure."

At the end of the annual fixture, Old Hardyans' President Tony Day presented the Colin Lucas Cup to old boys captain Tony Foot, playing for the 41st year since leaving Hardy's School in 1976.

■ Members of Dorchester Youth Extra who are organising the events

## Film and music family fun organised by young people

AN AFTERNOON of outdoor cinema with a supersized screen comes to Dorchester's Maumbury Rings this Saturday, August 12th.

The event will celebrate two birthdays – the 50th anniversary of the release of The Jungle Book which will be shown at 3pm and the 30th anniversary of Dirty Dancing which will play at 6pm.

Between films the audience will be entertained by the band Mr Jèan who will perform a wide repertoire of foot tapping, smile inducing songs.

Visitors to the free event should bring their own blanket or deckchair and are welcome to bring along a picnic and drinks although refreshment stalls will be available.

● On Saturday, August 26th the Rings will be hosting another free event, the Anonymous family festival taking place from noon to 6pm.

It will include a scramble wall, inflatable bungee run, crafts, learn to DJ, free running, a rodeo bull and two stages of music showcasing some of the best young musicians in the South West. Performers this year include Kennedy, Last One Home, Pop Club, Decimal 5, the Snot Rockets and Galaxy Thief.

Both events are organised and run by the local youth forum "Dorchester Youth Extra" which is made up of young volunteers who fundraise throughout the year to pay for them as well as organising other activities and campaigns. The group is coordinated by Emma Scott who works for Dorchester Town Council.

Emma said: "I am really proud of these two events which are organised with young people and supported by Dorchester Town Council. At both the Open Air Cinema and Anonymous you will experience a great atmosphere where people of all ages can enjoy a top quality day out in what I believe is one of the best and most historic outdoor venues in the UK! As well as thanking the town council and West Dorset District Council for helping to fund these events, thanks must also go to the Big Lottery Celebrations Fund which this year has helped to pay for the cinema day. Without kind donations these events would not be able to go ahead"

And for those who enjoy their outdoor music, there are further events taking place at Maumbury Rings including the Love Parade on Sunday, August 27th and the Live Music Day on Monday, August 28th.

## Business backing mental health charity

DORCHESTER businessman, David Upshall, is promoting Dorset Mind, the mental health charity based in Bournemouth, with their expansion into the West Dorset with a dedicated page on his company website.

The charity has chosen to start in Dorchester as they are aware that there is a significant lack of mental health support services in the area.

In the east of the county apart from their Befriending Service (consisting of one-to-one individual support from a trained volunteer), Dorset Mind's support groups operate on a self-referral basis.

It is these services that they hope to replicate in the west of the county with support from fundraisers like Mr Upshall whose first donation was in excess of £2,000.

Mr Upshall said: "Mental illness and stress are a growing problem, especially when you consider the pace and pressures of everyday life. Here in West Dorset it's no different. I'm truly delighted to link up with Dorset Mind and help them build services in this part of the county."

# New Arts Council funding will bring dance showcase to the Dorset coast

**PAVILION** Dance South West (PDSW) has been awarded £673,900 through the Arts Council's Ambition for Excellence fund to deliver an ambitious project that will develop the way dance is showcased and attract new audiences to dance from across the country and beyond.

The three year project, Surf the Wave, will see PDSW working with national partners to create a step change in the way that dance is shared on a local, regional and national basis.

The project will champion diversity in dance and will focus on taking dance outside of its usual contexts, like major cities, and into more outdoor spaces and festivals.

Zannah Doan, PDSW chief executive, said: "Surf The Wave has been a long time in the planning.

"It presents a significant collaborative opportunity for the UK dance sector to curate a national showcase that is rooted in artist and promoter support and relationships.

"We are proud to be leading it and to be putting Bournemouth and Poole firmly on the dance map."

Developing talent, supporting artists and connecting with dance promoters is at the heart of the project.

PDSW will work closely with the National Dance Network to achieve these aims. They have also received support from trusts and foundations

such as Esmee Fairbairn and Jerwood Charitable Foundation, who recognise the significance of this project.

In Spring 2019, Bournemouth and Poole will be home to a brand new national dance event that will bring together artists and promoters from across the UK.

This event will showcase the best dance practice from across the country, and confidently place PDSW and their Dorset base on the cultural map.

Phil Gibby, South West director of Arts Council England, said: "PDSW is a fantastic dance development organisation.

"We invest in PDSW through our national portfolio and now we are delighted to be able to support them through our Ambition for Excellence fund which will strengthen their national profile.

"The ambitions of Surf the Wave project have the potential to have a real sector-shaping impact.

"We look forward to seeing how the project develops the future of dance in England and the showcasing event in 2019."

Ambition for Excellence supports and stimulates ambition, talent and excellence in arts and culture across England.

The fund helps to develop talent, leadership and cultural places across the country, and can also help organ-

isations develop an international dimension to their work.

By 2018 Arts Council will invest at

least 75 per cent of National Lottery funding outside London.

The organisation expects 80 to 90

per cent of the £35m Ambition for Excellence fund to go outside the capital.

## Tetra Pak recycling banks' future secured

AS THE Dorset Waste Partnership's (DWP) carton recycling competition draws to a close, a final winner has been selected and the future of the banks has been secured.

Cartons, such as those made by Tetra Pak, Elopak and SIG Combibloc, are typically used for food and drink packaging, such as juices, soup, milk and sauces.

They are made from fibre, plastic and aluminium foil, so are recycled separately from cardboard and paper.

As the cartons cannot currently be recycled at the kerbside, the DWP want to maintain the carton bank service by increasing the amount being recycled and reducing the amount of incorrect items being

placed in the banks.

The DWP recently ran a competition to promote the carton recycling banks, which are situated in around 20 different locations across the county.

Entrants had to write their contact details on a carton and pop it into a carton recycling bank, with three lucky winners selected at random to receive a year's garden waste collection service.

Hundreds of cartons were entered into the competition, which was launched when the carton recycling banks were in danger of being withdrawn due to under-use and too many incorrect items being placed inside them.

The final winner was Rachel Edwards of Upwey, who regularly

collects her cartons and takes them to Dorchester whenever she's in town to drop them at the recycling bank.

The success of the competition has meant that the DWP's contractors, who empty the banks and recycle the cartons, have agreed to continue providing the service for the time being.

Karyn Punchard, Director of the Dorset Waste Partnership, said: "Congratulations and thank you to Rachel for recycling her cartons and using the service correctly. But the real winners are the people of Dorset who can carry on recycling their cartons using the banks.

"While it's too early to tell if more cartons are being recycled, we have

already noticed a significant drop in the amount of incorrect items being placed in the banks.

"This means that our contractors can continue to provide the recycling service at our various car parks.

"I want to send a huge thank you to everyone who currently uses the banks.

"With around 20 locations around Dorset, it's easy for most residents to keep hold of their cartons, flatten them down and drop them off next time they're near a carton recycling bank."

A full list of the Dorset Waste Partnership's recycling banks in car parks – which also include facilities to recycle foil, textiles and small electrical items – can be found at Dorset For You.

## 6 LATE-FLOWERING BLOOMS TO MAKE SUMMER LAST

by Natalie Bradshaw, Press Association

**The end of summer can mark the start of wilted annuals and faded perennials, but if you add some beautiful, bold late-flowering additions, you can make your garden a riot of colour until autumn.**

### 1. Hydrangea

Flaunting an old-fashioned charm in a variety of colours - blues, vibrant pinks and frosty whites - Hydrangeas grow up to six feet high and wide, so they're great for creating a 'sea of flowers' effect. Consider placing in front of taller plants like small or medium-size trees that could offer the shade the shrubs prefer.

### 2. Dahlia

Flowering from mid-summer until the first frosts, these popular blooms come in bronze, dark red, lavender, orange and pink, and are all different shapes and sizes. They make great standalones in their own beds or paired with grasses and verberna plants. They need a well-worked soil with good drainage and, once they're established, be sure to water them three or four times a week.

### 3. Crocosmia

These bright flowers are maintenance-free and easy to grow, so they'll add an easy shot of colour to your garden. Their bold, sword-like flowers mainly come in reds, oranges and yellows. Depending on the

variety, crocosmia can grow up to a metre tall, and they don't need pruning, just remove the dead leaves and flower stems before spring, when new growth starts.

### 4. Sedum Spectabile

These pink late-summer flowers will save your garden from getting the blues well into autumn. Plant in a sunny position in your garden and pair with Japanese anemones, phlox or penstemons. These require little care, just check your plants regularly to make sure they're not too dry.

### 5. Rudbeckias

These are bushy plants that create masses of bold, zingy yellow flowers. Also known as black-eyed Susans because of their distinctive big black cone in the centre, they have a long flowering period between July to October.

### 6. Helenium

These vibrant, daisy-shaped orange flowers bloom in late summer and autumn. Brilliant on their own or pair with tall, purple salvias, for a nice contrast. Grow in fertile, moist, but well-drained soil and deadhead regularly to ensure they flower for longer.

## TOP PLANTS FOR A THERAPEUTIC GARDEN

by Hannah Stephenson, Press Association

### • LAVENDER

This is planted in some of Thrive's children's gardens. It's calming, balances the senses and has a sedative quality which can aid sleep. Being surrounded by lavender and the natural smell of it is very good. It's also robust and will keep coming back. It doesn't need much care or watering.

#### How to use it:

If you've had an emotionally traumatic moment, lavender is deliberately used as an entry way that, even if you're not consciously aware of it, is subliminally very calming.

### • ROSEMARY

Rosemary helps memory and is very good for dementia settings. It's a stimulating plant for dealing with people who might be feeling low and need a bit of a boost. I wouldn't have lavender and rosemary cheek by jowl. There needs to be space for calming and space for being uplifted.

#### How to use it:

Plant rosemary near a kitchen, or, if the person has a greenhouse, a washing line or a pond, where you expect them to be

slightly more active, it can help them feel uplifted. As rosemary is evergreen and can get quite big, I'd put it with decent low-maintenance ground cover like creeping phlox or campanula, or a hardy geranium.

# 18th Annual WINGS & WHEELS

HENSTRIDGE • SATURDAY 26 AUGUST 2017 • GATES OPEN AT 10AM  
RAISING FUNDS AND AWARENESS FOR DORSET & SOMERSET AIR AMBULANCE

## Not Long Now!

IN A WORLD that seems ever more changing and ever more confusing, some things do at least try to remain constant and reliable. Once again Henstridge Airfield will host the Bank Holiday 'Wings & Wheels' vintage and classic fly-in and transport event. This is the eighteenth year for this ever popular show and the same team still remain at the helm as launched the event in 2000. "We were mere striplings when we began it all," quipped veteran commentator and publicist Terry Booker, "but, despite spreading waistlines, thinning hair and aching limbs, retirement is not an option when it's in such a good cause". Over the years, together with colleagues Chris Wood and Joe Williams, the trio have presented well over a thousand aeroplanes and a thousand vehicles to visitors from all over Somerset, Dorset and beyond. And it's all aimed to promote funds and greater awareness for the airfield-based Air Ambulance.

Of course the team can't do it all and, on the day, help is readily on hand from the airfield staff, from local volunteers and from friends and family members who've had their arms twisted. One team, without whose presence the event could not run as smoothly as it does, come from the local Air Training Corps squadrons. The cadets and their officers help to look after the public car parks and provide 'runners' to support the various key sites.

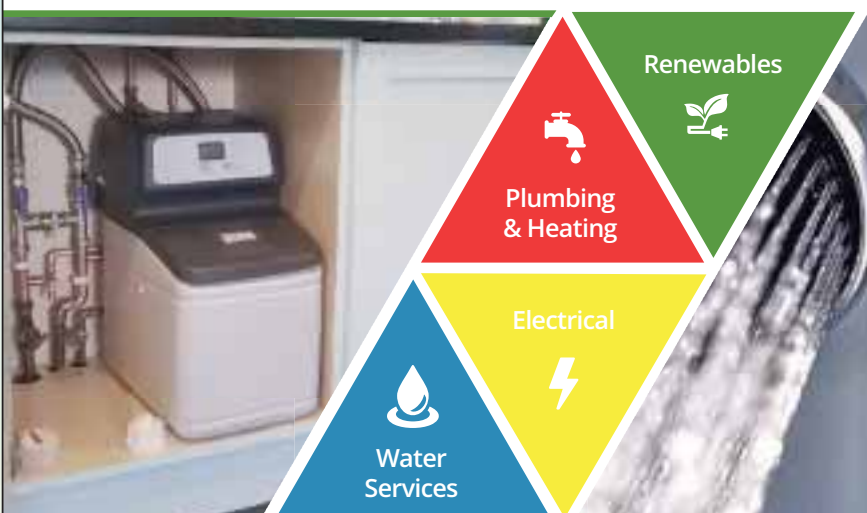

Regular visitors to the event are quick to comment on how friendly and relaxed is the atmosphere on this former Royal Navy airfield. While safety, as always, is the top priority; the whole team work hard to ensure that it provides the maximum enjoyment for pilots, drivers, exhibitors and many hundreds of individual and family visitors. In the words of the event chief, Chris Wood, "It's a simple approach...if we don't cause problems for people...people don't cause problems for us". Last year's appalling weather was, if anything, a testament to what might be justifiably called that 'Henstridge Spirit'. Despite grey skies and torrential downpours everyone made the very best of what was some of the worst conditions possible for an aviation event. "It really did seem as if we were all on the same side....drivers, pilots, visitors and staff all equally determined not to let the 'met-man' win the day."

So, with fingers firmly crossed for bluer and brighter skies, Bank Holiday Saturday August 26th is the date for your diary. With prices held for yet another year at just £5:00 for adults and accompanied under 16s free, it's still a family day out that won't require a second mortgage. No post-Brexit increases at Henstridge! The airfield is well sign-posted and is located off the main A30 Sherborne to Shaftesbury road just a couple of miles east of the village.

## In The Air...

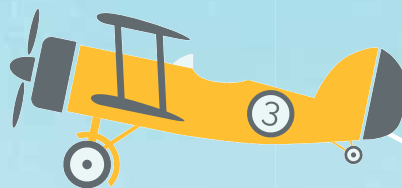

**M**ANY readers will have visited the event over the years and will have a pretty good idea of what to expect. But, for those new visitors who may be a little confused by aviation jargon and who aren't sure what to expect at 'Wings & Wheels', it's really quite simple.

The event is a 'Fly-in'; it is not an Air Show, not an Air Day, not an Air Festival or nor a Flying Display. There is no official program and the best advice is to always 'expect the unexpected'. Think of it as a Classic Car Show with wings and you'll be about right. There is no pre-set timetable and it's 'non-PPR' (Prior Permission Required). That is even more jargon which simply means that the pilots can just turn up when they please and request permission to join. They do not have to pre-book and reserve a slot. Of course air-traffic do appreciate a call in advance but it's not essential....and this is a real help for our pilots. If they see a nice bright day for flying and they want to go somewhere different then where better than Henstridge. So there are no strictly timed displays and the next aircraft to drop in over the threshold could be a modern home-build, an ex-World War Two spotter or a unique survivor from the 1930s.

There are many such events all over the world and the UK's summer calendar is

full of them. But the Henstridge team and their colleagues from the former 'Vintage Flying' organisation think that have an ace up their sleeve. 'Wings & Wheels' closes the air park at lunch time and allows everyone the unusual, indeed almost unique, opportunity to actually stroll among the aeroplanes. This could be your chance to take some memorable close-up pictures and perhaps chat to the many pilots who have stayed with their machines. If the weather has been kind across the South then the air park might hold well over a hundred vintage, classic and current types.

The only 'official' spectacle is our traditional salute from the RAF with aircraft from the Battle of Britain Memorial Flight. Over the years we've seen all their aircraft....even the once-in-a-lifetime thrill of the two Lancasters. This is a big year for the Flight as they mark their Sixtieth Anniversary and we're really honoured to be allocated two Spitfires escorting the mighty 'Lanc' in her new colour schemes. The organisers maintain close contact with other display aircraft that might provide a glimpse of something special. Previous years have seen early morning fly-pasts from the RN Historic Flight's 'Swordfish' and some superb 'fly-overs' by the 'Reds'....all ten of them with smoke! Who knows what 2017 might yield?

## Competition Time!

### WIN A MYSTERY FLIGHT

The publishers of 'View From' newspapers are delighted to be able to offer readers another chance to win an exclusive and exciting prize. In conjunction with our friends at 'Wings and Wheels', we have secured an opportunity for one lucky reader to take to the same summer skies over Dorset and Somerset. This year we have arranged a '**MYSTERY FLIGHT**'...and your aircraft and route will remain a secret until you arrive to claim it!

Our previous lucky winners have described their flights as...*"Simply the experience of a lifetime!"* YOU might be the one to be flying over Henstridge on the very same day as the historic Lancaster and its two escorting Spitfires from the BBMF!

Just answer the simple questions and return to our offices: c/o Rob Coombe, Wings & Wheels competition, View From Newspapers, Unit 3 St Michael's Business Centre, Church Street, Lyme Regis, Dorset, DT7 3DB before the closing date of Friday, 18th August 2017. *Winners will be picked at random, editors decision is final.*

HENSTRIDGE • SATURDAY 26 AUGUST 2017 • GATES OPEN AT 10AM  
RAISING FUNDS AND AWARENESS FOR DORSET & SOMERSET AIR AMBULANCE

## And On The Ground

THE POPULARITY of 'Wings & Wheels' continues to grow among the local clubs and individual vehicle owners. Despite all the countless other classic car and vintage vehicle shows in the region which they could share with their fellow enthusiasts....there are very, very few that are also shared by scores of interesting aeroplanes. Needless to say this makes for an unusual and appealing three-way traffic, the drivers enjoy the aircraft, the pilots enjoy the vehicles and the visitors enjoy them both.

From the very beginning the organisers have always been keen to encourage the broadest possible cross-section of wheeled exhibits. Although there are inevitable constraints on parking space and the priority of site safety....the owner of the modern 'super car' is as welcome as his neighbour with the vintage Rolls. In the same vein, a WWII jeep might well be parked between a Morgan 3-wheeler from the thirties and a BMC Austin-Healey

'frog-eye' Sprite from the late fifties. The stewards always try to get club vehicles together in their groups or set aside a few extra yards for line-up of motor-cycles. Special arrangements too are made for the owners of what might be described as 'Trans-Atlantic Chrome'; since the models emanating from Plymouth, Dodge, Buick or Chrysler can't really turn on the proverbial sixpence nor squeeze into the gap between the Bedford bus and the Fordson Tractor.

Nonetheless, despite the hectic hour or so ahead of the public opening, everyone enters into the spirit of the occasion and this good-natured co-operation does much to ensure the happy atmosphere of this well established event. Visitors shouldn't expect to see the normal car show with everything neatly aligned like a municipal car-park. Instead, think like the aviation enthusiast and 'expect the unexpected' because it will be in there...somewhere!

There are two other Henstridge features which are a must for every visitor. First, and what it is all about, is the presence of Dorset &

Somerset Air Ambulance. Subject of course to any emergency tasking, the helicopter will come across to crowd-side and give you the chance to meet and greet the crew. This year is especially interesting as it will be our first opportunity to show off the recently commissioned Augusta-Westland (AW) 169. This new state-of-the-art twin-engine machine with advanced avionics and increased capacity provides even greater range and operational-capability, increasing its availability from 12hrs to 19 hrs with full crew. The second, and of almost equal priority, is the 'Wings & Wheels' catering. The Clubhouse and

Marquee offer a variety of meals, snacks and drinks throughout the day. But it's the lunch-time specials of Hog-roast and, what is known to the team as 'Joe's Barbie', that are the absolute essentials to complete your day.

The gates open at 10:00 am and the airfield closes around 5:30pm....parking is free and there are facilities for disabled visitors, albeit these are somewhat limited by the site itself. For more information please visit [www.dorsetcarclub.co.uk](http://www.dorsetcarclub.co.uk) and follow us on Facebook; and would potential exhibitors and traders please phone in advance 07887 744163 (24hrs) to book your place.

## New Era For Air Ambulance Patients In Dorset and Somerset

**D**ORSET and Somerset Air Ambulance is delighted to announce that its new AgustaWestland 169 (AW169) helicopter successfully entered service in early June. It became the first AW169 to enter air ambulance operational service in the UK and is the culmination of years of planning and development.

The aircraft was selected following an extensive evaluation process. Its outstanding characteristics, superior capabilities and safety standards have ensured unprecedented levels of mission effectiveness and will provide an enhanced life-saving service for the people of Dorset and Somerset.

Bill Sivewright, Dorset and Somerset Air Ambulance Chief Executive Officer said:

"It has always been the Charity's aim and clear vision to pursue clinical excellence; pairing Critical Care Teams with the outstanding capabilities of the AW169 is a natural development of that vision. Patient benefit remains our top priority and this was the single biggest criteria in

selecting the new aircraft.

"Our ambitions and clinical aspirations determined a particular requirement from whichever aircraft we selected. The capabilities and flexibility offered by the AW169 made it a clear winner and in our view it was the only aircraft which fully met our criteria. Another major plus in selecting a new mark of aircraft is that you are taking advantage of the latest advances in technology. That means that it is safer and easier to maintain and operate."

The medical equipment in the AW169 is not hugely different to that which was

carried on the Charity's previous aircraft, however, the biggest difference is the space inside the cabin. This allows the Critical Care Team to have complete access to a patient, head to toe; a significant benefit if a patient needs further intervention or treatment on-route to hospital.

Over the past few months, the life-saving service has increased its operating hours from 12 to 19 hours a day (07.00am – 02.00am). During this time and in the hours of darkness, the crews have been deployed using a Critical Care Car. The helicopter remains based on Henstridge Airfield and, subject to tasking, everyone at 'Wings & Wheels' will

have a unique opportunity to visit G-DSAA and meet the team. The service is wholly reliant on your support so please give generously while you enjoy this outstanding regional show.

## Vintage Vibe at the Marine Theatre

THE Marine Theatre in Lyme Regis is about to get nostalgic with two forthcoming events that commemorate wartime Lyme.

On Saturday, August 19th, from 7pm, the Theatre will be celebrating Dame Vera Lynn's 100th year with a 1940s indoor street party called 'A Nightingale Sang in Marine Square'. This dinner-dance brings the UK's top Vera Lynn tribute singer Samantha and her troop of dancers to the 'little theatre by the sea' for what promises to be a feast for the senses, as well as a fillip to the Marine's fundraising efforts.

"With the Theatre being only slightly older than the indefatigable Vera Lynn", explains trustee Karol Kulik, "we felt this was an opportunity not to be missed to fete her and our own history with a fun-filled evening that will raise money to bolster two grants we've secured to upgrade our facilities. In planning this event, I've bumped into so many locals who, like myself, had the great pleasure of meeting Vera Lynn, so I'm hoping this grand night out will give us all a chance to share our cherished memories, as well as create some new ones!"

For those who'd like to put on some appropriate glad rags for the occasion, there's still time to visit Colmers Hill Fashion in Symondsbury who's offering 10% discounts on their 40s-styled dresses!

The Theatre returns to the 40s yet again on November 11th when Swing Unlimited Big Band bring wartime classics by Glen Miller, Count Basie and Duke Ellington back to life with "We'll Meet Again", a special concert for Remembrance. Songs by Ella Fitzgerald, Frank Sinatra and of course, Vera Lynn complete the line-up to recreate the period, along with images and words, in an uplifting, fun and moving evening.

November's Remembrance event is organised with the help of Lyme Regis Jazz & Blues Festival. Julie Sheppard, its director said: "We wanted to stage an event for Remembrance weekend

and those big band sounds evoke the wartime era like no other - and everyone loves big bands. The Marine Theatre was used as an American forces canteen during the Second World War, so it's especially poignant staging the concert in its auditorium. We hope it will be a fitting tribute to all those who will be remembered in the town at events organised by the Royal British Legion over the weekend."

Tickets for A Nightingale Sang in Marine Square are £30 and need to be booked in advance since they include a complimentary drink and light supper, as well as Vera Lynn classics from Samantha followed by demos and lessons from her dancers. Tickets are available from the

box office: 01297 441238 or [www.marinetheatre.com](http://www.marinetheatre.com).

"We'll Meet Again", Saturday, November 11th. Tickets are on sale from the beginning of September - watch for announcements.

## Line-up announced for Bestival's Caravanserai

CARAVANSERAI is a unique jewel in Bestival's crown. An arcadia of vintage caravans, waltzers, objets d'art and alchemy, it's a cocktail-fuelled hedonists' paradise, filled with brain-warping delights, raucous gypsy-bathed madness, pop-up circus performance and fat brass-powered beats.

You will never find a more wonky-headed hive of fun and filigree than Caravanserai, so throw caution to the wind and find yourself at home with the off-beat vibes of The Ska Vengers, the near-eastern sounds of The Turbans and blue-country-funk from My Baby. Enjoy weird folk afternoons with the foot stomping joys of Pronghorn, the indescribable Bert Miller & the Animal Folk, Welsh troubadour Men Diamler, and Joanna Phillips. Delight in horn-powered daily brass offs with The New York Brass Band, Op Sal, Dat Brass, and The Oompah Band. And skank your heart out at the Sunday Skaravanserai with Mad Apple Circus, The Simmer-tones and DJ 2-Tone.

Bringers of the bizarre and the brilliant, Cirque Bijou are back in Caravanserai to blow you away. By day they invite you to take a seat at the Circus Café, and select the dishes that tickle your fancy from the circus menu cooked up by acrobatics, jugglers, and jokers. As the night draws in, Cirque Bijou will break out the sequins and feathers to present magnificent displays of aerial artistry, swinging trapezes, high wire walking, fire performers, cabaret and circus.

There will also be esoterica and freakery from Cut A Shine, Bramble FM, DJ Penny Metal Polka Special, Thrill Collins, The Bomo Swing, Samuel Wolf and the Junk Star Kids, Fandjango, Faith I Branko, Holy Moly & The Crackers, The After Hours Quintet, DJ Chris Tofu and Global Local. And while you're there be sure to enjoy the curious comforts of Caravanserai's cafés, Waltzer seating, cocktails, hootch bar and so much more.

For more details and to book tickets for Bestival 2017, visit [www.bestival.net](http://www.bestival.net).

Headliners announced include The XX, A Tribe Called Quest in their final ever UK appearance, and The Pet Shop Boys. Other acts performing including Justice, Dizzee Rascal, Rag'n'Bone Man, Loyle Carner, Jamie T, DJ Shadow and more.

# The Lost World

ONCE more the brilliant Illyria Theatre arrives on Theatre Square to take you somewhere you haven't been on Wednesday, August 16th at 6pm.

Where better than the Theatre Square on the Jurassic Coast to bring dinosaurs? The excellent Illyria Theatre proudly presents this monstrous production as four intrepid explorers, led by the redoubtable Professor Challenger, travel to uncharted territory in South America. With the help of a few scant sketches they stumble on some war faring tribes and terrifying dinosaurs, all they need to do is prove they exist.

Illyria has an unmatched reputation for innovation in the open-air touring theatre sector, where they are the first company to tackle a show in this genre and of this scope. Prehistoric thrills, monster laughs and life-size dinosaurs abound in the must-see show of the summer!

**TRANSMISSION****Bridport Folk Festival 2017**

DON'T MISS a wealth of Folk music which is set to bring Bridport into the annals of Folk festival history.

With 70 plus acts on five stages to entertain over the three day event, and a host of Workshops covering Bouzouki to Barn Dance, Concertina to ceilidh, there are all the ingredients for a fantastic festival.

There will be two very special concerts at the Bridport Electric Palace featuring a double headline bill on Saturday, August 12th with Festival Patron Reg Meuross, and duo Ninebarrow.

There will also be a fantastic launch concert on Friday, August 11th with the fabulous Polly Morris Band, and support from Kadia. Both these concerts have been subsidised as a gesture of celebration for this new festival.

Family social dances and ceilidhs are just two of the more relaxed dances on offer plus more in depth dances for the more adept.

Of course no 'Folk Festival' can be

deemed such without the vibrant sounds and colour of Folk Dancers and to this end there are now 27 Dance Sides comprising many genres from Morris, Clog and Appalachian, to Irish, Scottish, and even Bulgarian! This colourful and energetic infusion brings a dynamism to the Festival and the proposed road closure on Sunday 13th will see the finale of a Guinness World record attempt with an excess of 160 performers dancing to 'Bonny Green Garter'.

The Bridport Folk Festival will conclude with a full street Ceilidh with an invitation for everyone to participate in dancing to our Festival ceilidh band 'No Strings Attached'.

A childrens' entertainment area will include the usual activities plus Clown dance and Bouncy castle and children are encouraged to learn about musical instruments and folk dance.

If you would like to be more involved, then why not volunteer as a steward or become a supporter through the Crowdfunding campaign and help us to keep this a 'Free' festival for all the family [www.crowdfunder.co.uk/bridport-folk-festival/](http://www.crowdfunder.co.uk/bridport-folk-festival/)

For more details visit the website at [www.bridportfolk-festival.co.uk](http://www.bridportfolk-festival.co.uk), the facebook page by search 'Bridport Folk Festival 2017', or email [folkbridport2017@gmail.com](mailto:folkbridport2017@gmail.com)

**Reg Meuross**

REG Meuross has that rare gift of being able to touch people through his songs and performance, on a really human level. His words and music paint pictures that remain with the listener long after the

song has been sung.

2017 heralds a new solo album, *Faraway People*, a fresh collection of songs which comment bravely on life as Reg sees it, bringing wide ranging stories, from the ravages of austerity and the injustice of the plight of refugees, to some of most beautifully disarming lyrics ever written.

"One of the most talented storytellers of our generation" - Pennyblack Music

"Powerful and moving songwriting" - Martin Chilton, The Telegraph

"A mighty songwriter and an equally fine singer" - Martin Carthy

**Polly Morris**

IF YOU could imagine the love child of Bill Bailey and Victoria Wood that would be Polly Morris. Her observational comedy songs about such things as

supermarket shopping or the perils of e-mail, are songs that you can instantly identify with.

These are peppered with more thoughtful acoustic numbers that are reminiscent of Karen Carpenter.

**Ninebarrow**

THERE'S genuine British folk music charm to what Dorset-based Jon Whitley (vocals, organ, ukulele, tenor, octave mandola, piano) and Jay LaBouchardiere (vocals, reed organ) are producing under the name Ninebarrow.

Whether it's beautiful harmonies on the traditional 'Three Ravens'; or the ingenuity of 'The Pinner', their own song about a pin-maker who leaves precious trinkets at a 13th-century chapel near Worth Matravers. *Releasing the Leaves* is another example of how strong British folk is at the moment.

The key to finding your perfect home

Symonds & Sampson  
ESTABLISHED 1858

## YOUR AWARD WINNING BEAMINSTER TEAM

JEREMY Smith, Residential Partner based in the award winning estate agents Symonds & Sampson in Beaminster has a new team photograph! Jeremy commented 'having spent many years in estate agency there is no question in my view that consistency within a team is the key to success and this is reflected in the fact that the core of my team have been together for many years. Individually myself and my sales colleagues have many years of estate agency experience in not only many different types of markets, but also towns and cities. This experience is invaluable when it comes to understanding your buyer's wants and needs, which probably explains why currently we are selling more than double the number of properties in DT8 than any other estate agent. We are also for-

tunate enough to have three outstanding viewing representatives and therefore we can accompany viewings at request seven days a week'

Our sales team is as follows:- (left to right) Caroline Childs - senior negotiator, Liz Richards - viewings representative, Kate Cousins - viewing representative, Kate Wiscombe - senior negotiator, Jeremy Smith - Residential Partner, Sam Brown - lettings manager, Ron Cousins - viewing representative, and Jane Crabb - branch administrator.

We have enjoyed an excellent sales quarter and now require further properties to sell to waiting buyers, so if you are considering selling or are indeed on the market without success, why not come in to book in your free market appraisal on 01308 863100.

## Blake makes class return

HAVING started this season driving a road-going Ford Fiesta, whilst awaiting the delivery of a new competition car, Kilminster driver Ben Wheeler made the most of his new machine at the Woolbridge Motor Club's two-day meeting at Wiscombe Park which hosted two rounds of the British Hillclimb Championships.

Wheeler overcame an error on a damp track at the Sawbench Hairpin during the first practice runs to quickly become accustomed to his new mount, an Empire Evo 2 single-seater racing car, and take the premier award of Fastest Time of the Day in the first of two clubman's events with a best climb of 43.95 seconds.

onds.

Jan Yeo from Exeter took the honours in the Wiscombe Championship class for non-roadgoing vehicles in his 1800cc Westfield SEi. Honiton's Joe Keep was second in his Ford Fiesta Zetec.

The same car facilitated more trophies when co-driver Samii Layzell, from Ottery St Mary, claimed the award for the Best Performance by a Lady Driver.

Third in the class was taken by Weymouth's Graham Blake in his Westfield SEiW which son Geoff took to a class win 24 hours later.

Having taken time away from the sport during recent months to support his partner and the birth of

■ **STILL TOP:** Ed Hollier maintained his position in the Top Ten of the British Championship with two points scoring performances in his Empire Evo 00.

■ **SUCCESSFUL:** Weymouth's Graham Blake conquered the damp track conditions for a 3rd place in the Westfield SEiW whilst 24 hours later his son Geoff took a class win.

their son, Blake junior returned to competitive motoring with two circumspect practice runs but then displayed the pace required to defeat (again on bogey) two single-seater racing cars in the hands of Ben Wheeler (Empire Evo 2) who won the Saturday event outright and Shillingstone driver Andrew Forsyth (OMS CF04).

The Downton Motor Club class (predominantly for Minis) saw Bere Regis driver Stephen Wareham take

his 1330cc Morris Mini to second and third place finishes with a best climb of 48.28 seconds, whilst Weymouth's Mini enthusiast and ex-circuit racer John Kirby continued to develop his one litre turbo-charged Clubman with a best time of 49.78 seconds.

The highlight of the weekend was the two Top Twelve Run-Offs for the Avon Tyres/TTC Group British Hillclimb Championships.

Contestants of the national series had to qualify separately for each

run-off by being one of the fastest twelve registered contenders during the class runs. The fastest ten in the run-off would then score points.

Honiton driver, Ed Hollier qualified for both at the wheel of his Suzuki powered Empire Evo 00 finishing eighth and sixth respectively to remain in the top 10 championship positions and close the gap to his season-long adversary, Sean Gould in his self-constructed Gould GR59M, to just two points.

## Martinstown Youth continue to grow

YOUNG cricketers at Martinstown Cricket Club have completed and enjoyed yet another successful cricket season.

Approximately 90 youngsters have attended youth sessions, run by a group of dedicated coaches and managers at the beautiful and fantastically well equipped Lower Ashton Farm ground.

Youth Coordinator, Lee House said: "It has been a real privilege to see a group of young players of all ages learn and have fun playing during the season. Many have experienced the game for the first time, and it's fantastic to see the enjoyment they get from the sport."

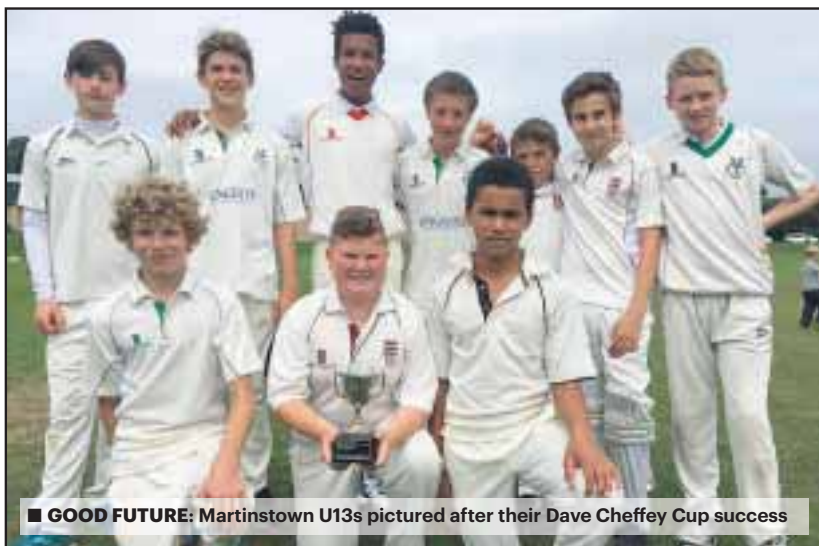

The club have five youth teams, and they have performed well in various competitions.

The under 15 side reached the semi finals of the County Cup for the second year running, whilst the under 13s made the quarter finals of the County Cup, and are also the Dave Cheffey Cup winners after a narrow victory over Bridport.

The various teams have also performed strongly in the league.

However, the emphasis is on involving all the players learning and most importantly, having fun.

House continued: "At Mar-

■ **GOOD FUTURE:** Martinstown U13s pictured after their Dave Cheffey Cup success

tinstown we pride ourselves on developing the next generation of cricketers, for all levels. Many of our youngsters are in the County and West Dorset setups, but we also have a number playing in our Sunday TT25 side. We offer cricket for all in a friendly and social environment.

"It has been brilliant seeing a number of our younger players represent our First XI in the Dorset Premier League, including Sean

Williams, John Stewart, Jack Kane, Nathan McNab, Charlie Durant and William Maltby. They, along with our youngsters in all the sides, have performed admirably and should learn from these experiences.

"The future is bright, and the Martinstown faithful certainly enjoy watching our home grown players!"

House finished: "I'd like to thank everyone who has helped and supported the youth setup this year, from

our coaches and managers through to the club committee and our ground staff who maintain one of the best grounds in the county."

The club will shortly announce the winter training programme. For more information please follow the club on Facebook or Twitter, visit [martinstown.playcricket.com](http://martinstown.playcricket.com) or email [theralmcc@hotmail.co.uk](mailto:theralmcc@hotmail.co.uk).

The club warmly welcome new players of all ages from junior to adult.

## Dorchester Evening cricket

## Top two clash tonight

SADLY, many games scheduled for last Wednesday were washed out, so we are little nearer knowing our title winners, writes Robin Potter.

One game that was played in Division One saw Puddletown defeat Dewlish. Puddletown wicket-keeper Adam Stevens struck 64 to lift his side up to 130 for 6 and then J Richardson with 2 for 11 in his four overs and Adam Wier with 1 for 11 in three reduced Dewlish to 21 for 4.

Justin Miller (47) and Dan Howe (25) led something of a comeback, but Dewlish fell five runs short.

Puddletown are due to host St Georges tonight (Wednesday) in their last chance to deny the Saints the title. Meanwhile, Martinstown are running out of games to avoid relegation to Division Two.

Their replacements will be

either Charlton Down or Plush. The latter kept up the pressure with a good win at Abbotsbury so there is the possibility of a play-off to decide the title and promotion place.

In Division Three ASM finished their season going down by nine wickets to Puddletown Reserves. Adam Wier's three wickets for 10 kept ASM in check and then M Crabb (32 not out) and Kieran Knight (24 not out) got Puddletown home with four overs to spare.

## bragging rights

In their local derby game Cosmos comfortably beat ground-sharers Winfrith to complete their fixtures with 18 points.

They must now wait to see whether Dorchester Casuals can match that total by winning all their remaining games in order to set up another play-off.

A BATTling 34 from Tom England couldn't save Weymouth from a three-wicket reverse at the hands of visting Broadstone.

Having won the toss home skipper Dean Janaway must have been pleased to see his side reach 56 for 1 with Harry Mitchell (17) and Dom Webb (17) going well.

But the pair, along with Kieron Womble fell in quick succession, and it was left to England to shepherd the tail as they were dismissed for 152 in the 39th over.

Broadstone reached 40 for no loss before Cube Whyte struck twice as they lurched to 71 for 4. But stand of 48 for the seventh wicket between Alex Warren (26\*) and Charlie Groves was to prove decisive as the visitors crawled home in the 41st over. Weymouth 6pts, Broadstone 20.

#### CORFE MULLEN 172 ALL OUT

THIS was a tense, tight affair between the top two clubs in the division, and the result was in doubt until the final wicket fell.

Corfe Mullen won the toss and elected to field, and Puddletown openers Albie Stevens and Lucas Allen made a slow, steady start to their innings, until Stevens fell to Peter Fosbery for 10 with the score on 40, and was replaced by Tim Orford, who did not last long, and was caught by wicket-keeper Dan Flooks for 8.

Skipper Adam Barrett then joined Allen, and the pair put on 52 for the third wicket, until Allen was trapped LBW by Nigel Stannard.

Wickets then fell at regular intervals, but Adam Barrett was the lynch pin holding the innings together with the middle order and the tail to build the score to 188 for 8 at the end of the innings.

The pick of the Corfe attack was Stannard with figures of 8-0-33-4.

Corfe's reply was soon in tatters at 6 for 3 after a tremendous opening spell by Adam Weir who took the wickets of Mike Weston,

Stannard and Flooks in his second over.

It was left to Michael Jordan, who has been a thorn in Puddletown's side in the past, to rescue the Corfe innings, with a patient 67 supported by Ben Bolt who made an unbeaten 40.

But when Jordan fell to Allen, Bolt was unable to shepherd his side over the line, and the visitors fell 16 runs short.

Weir finished with figures of 8-1-29-4, and he was aided by part time bowler Barrett who took the last three wickets for 22.

Skipper Pete Gordon top scored with 16 with Andy Anderson (15) and Tony Quayle (11) the only other players in double figures as A.Wallace recorded fine figures of 7.3-6-3.

The hosts were straggling at 32 for 5 with Ollie Gordon taking 2 for 11 but an unbroken stand of 30 saw them home.

# Lyme league teams hit form at last

### Lyme Regis

LYME REGIS' league teams enjoyed a much better week. The Ladies and both men's teams all managed to secure eight points against West Moors, Wimborne and Bridport B respectively.

In the two friendlies, Lyme won against a tour side from Congressbury, but lost in the annual fixture at Cardiff.

The ladies hosted their annual 'Invitation Triples Tournament', their 21st, which attracted 22 teams who took part in a round-robin format.

Despite inclement weather, all the teams had a thoroughly entertaining afternoon followed by a two-course lunch prepared by catering officer Sue Wood and her band of helpers.

The eventual winners were Broadland, a team made up of players from Broadstone and Blandford, winning by 9-4 against Honiton.

This event is kindly sponsored by LRBC members Nola Stephens and Lesley Broom.

The Club also hosted the Silver Jubilee Cup, a men's game between Lyme Regis and invited Clubs who this year were Seaton, Sidmouth, Chardstock, Bridport and Ottery St Mary.

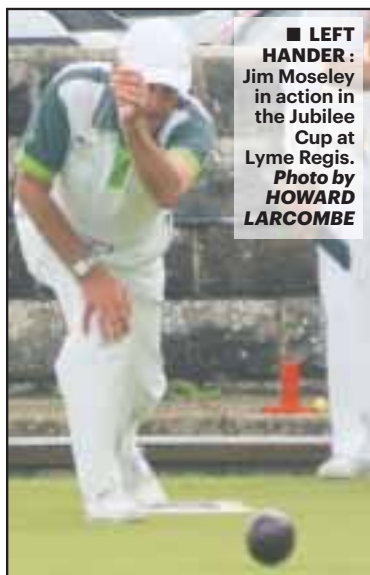

The eventual winners were Lyme's Chris Elmore, Mike McAlpine, Alan Henson and skip Steve Pomeroy.

# Blues through, but penalty denies Bridport

## Plymouth Parkway 0 Portland United 1

FA Cup Extra Preliminary round  
PORTLAND United banked a handy £1,500 financial windfall but more importantly progressed to the first preliminary round of the FA Cup with a 4-2 win at Plymouth Parkway's Bolitho Park in the 370-team strong extra-preliminary stage.

But the Blues didn't have it all their own way and their South West Peninsula League premier Division opponents went close in the opening seconds and Sam Hillson later dragged a penalty wide of the mark 10 minutes from time.

The winner came just after the half time interval courtesy of an Alex Godfrey strike.

Portland will now entertain Paulton Rovers of the Southern League Division (SW) in the next round on Saturday, August 19th.

Next up for new manager Simon Brown and his clearly buoyant Blues is Saturday's trip to Westwood Park to take on COWES SPORTS.

The Yachtsmen were knocked out of the FA cup on Saturday and lost their league opener 2-0 at home against Sholing.

Last Season's corresponding fixture brought a 5-1 victory with goals from Darren Watts (2), Alex Godfrey, Ross Doidge and Carl Mutch.

This is followed by Tuesday's visit by LYMINGTON TOWN (7.45pm).

**Portland:** Lillington, Smith, Payne, Doidge, Whyton, Bessant, Evans, McKechnie, Clarke, Godfrey, Halloran.

## Dorchester Town 1 Evesham Utd 4

Friendly - att: 212

DORCHESTER Town's pre-season friendlies schedule ended in far from ideal fashion on Saturday as they were beaten 4-1 on their own Avenue Ground turf by Worcester-based Southern League Division One (SW) outfit Evesham United.

An own goal from Callum Laid who lunged to attempt to keep out a goal-bound shot gave the visitors the lead in the fourth minute and this was soon doubled by Adam Mann who nipped in to convert another cross from the right.

The deficit was halved by a David Jerrard goal following a neat one-two. Mann once again eluded his marker from a free kick two minutes into the second half and made it 3-1.

The scoring was completed seven minutes from time when a James Campbell shot from the edge of the area came back off the crossbar and struck unfortunate Magpies' keeper Chris Weale on the back of the head before rolling over the line.

Dorch, with new signings Leighton Thomas (ex-Yeovil Town)

and winger Jordan Lovibond (Bridgwater Town) amongst their ranks, will hope they fare better in their opening Evo-Stik premier Division encounter at BANBURY UNITED on Saturday (3pm).

This is followed by the opening home game of the season against BASINGSTOKE TOWN (7.45pm) on Monday.

## Wimborne Town 1 Weymouth 3

Friendly

WEYMOUTH enjoyed a gritty test in their last pre-season match as they won 3-1 at Wimborne Town at the weekend.

The Terras created several good chances before Ben Thompson, returning after missing a couple of games through injury, nodded home Calvin Brooks' cross three minutes before half time.

They added a second when Brandon Goodship was felled in the area but stepped up to convert the resulting penalty.

A second spot kick, this time scored by Jake McCarthy, made it 3-0 just before the hour mark.

The Southern League Division One (SW) hosts pulled one back six minutes later.

So a all-in-all, a decent workout for Weymouth as they one their EvoStik Premier Division season with Saturday's visit by ST IVES TOWN (3pm) this is followed by Wednesday evening's venture into Wiltshire to take on FROME TOWN.

First team coach Tom Prodomo confirmed after the game that the club was pleased with the preparations with just a few small things to 'fine tune' ahead of Saturday's league opener.

**Terras:** Thomas, Brooks, Buckley (Capt), Wells, Down, Carmichael, Davis, McCarthy, Thomson, Goodship, Wakefield. Subs: Corbridge, Baker, Stewart, Tiago Sa, Rodriguez, Prodomo.

## Bridport A 5 Seaton Town 4

Friendly

BRIDPORT FC 3rds took on a Seaton Town first team that competes in the Devon & Exeter League Premier Division - three leagues higher than them in the non-league pyramid.

The visitors took the lead and were soon 2-0 in front following two home errors.

But The Bees, still stung by being placed in the Dorset League Division Three having run-away with the Division Four title last season, recovered and soon found themselves back in the game through Chris Tanner, and this was followed by a long range thunderbolt from the same player to make the score all square at 2-2 at the interval.

In the second half the hosts soon found themselves in front from a wonderful Brandon Scadding strike after being set up by a sublime cross pitch pass from Rhys Hughes-Williams.

Howard Smith goal headed The

bees 4-2 in front which prompted a reshuffle to give all players more game time and Seaton rallied to again draw level at 4-4 before Tanner completed his hat trick after riding four challenges before firing the ball past the visiting keeper.

## AFC St Austell 1 Bridport 1

FA Cup Extra Preliminary round  
BRIDPORT were denied a place in the first preliminary round of the FA cup by a dubious penalty midway through the first half down in Cornwall on Saturday.

All looked good when 17-year-old Kameron Andrews put the Bees in front on the quarter hour.

The replay takes place tonight (Wednesday) at St Mary's 7.45pm ko with the prize of a first preliminary round tie at home against either Street or Hallen on offer on Saturday, August 29th - in addition to £1,500 - for the winners.

**Bees:** Jason Hutchings, Alan Hill, Leigh Bailey, Dan Peach (Ed Butcher 59), Ryan Hayter, Cam Vere, Braeden Symes (Andy Butler 83), Louis Rutter, Kameron Andrews, Mark Salter, Tom Richardson (Rich Hebditch 68). Sub not used: Cody Bowditch.

## Perry Street League season preview

THE 114th year of the Perry Street & District League sees the Premier Division up one to 11 teams despite Beaminster's move up into the Dorset Senior Division.

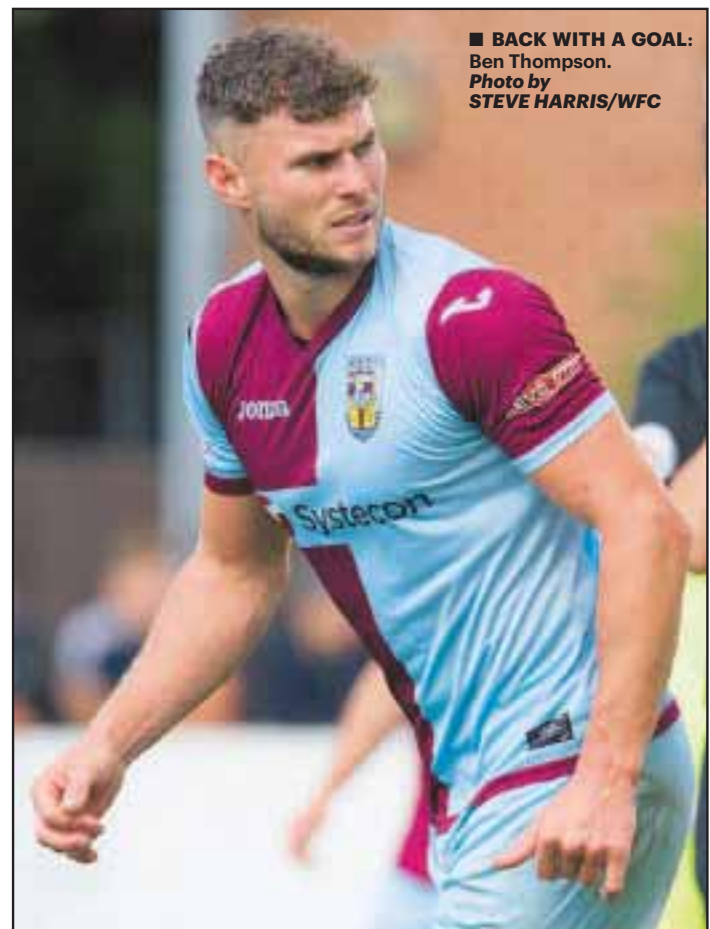

Reigning Champions Barrington, who won their first ever title by four points from South Petherton back in May, are sure to be there or thereabouts again this season.

But the Yellow Hammers' boss Sid Brown will have to do without the cultured left foot of Gary Warren who has returned to Chard Town, while last season's skipper George Hayward is sure to miss some of the season as he is off to university.

Brown has however added George Miles and Will Retter and will hope to get more game time from Carl Lazenby, Alex Paul and Ashley Lock who all missed large parts of the championship winning season.

South Petherton manager Karl Diment has shuffled his pack. Tom Case (Merriott Rovers), Ryan Thurgood (Sherborne Town), Shane Adcock-Case (travelling), Darren Charles (AFC Camel), Sam Bourne (season out) have departed. Moving into Lightgate Lane are; Dan Rudge and Mark Tweedy (both Merriott), Mark Cuff (Netherbury/Sherborne Town), Reece Malcolm (Bridgwater Town) and Gareth Lennox (AFC Camel).

Diment told Indy Sport: "There will hopefully be a couple more in before the season starts, so lots of new faces. It's a bit of a rebuild, hopefully we'll get them gelling in the friendlies and the push for some silverware."

STEVE HARRIS/WFC

Over at Unity Lane new Mister-ton player-manager Scott Jennings has persuaded Jack Steer and Luke Gosney to make the short move from Merriott Rovers. Steer was top scorer with 25 goals as Rovers reclaimed their spot in the Premier Division back lifting the Division One title.

Another new face in Missy colours is former Drimpton stalwart Chris Rowsell. Jennings confirmed that he has one eye on the Premier Division title which that club last won exactly 30 years ago, he said: "Like every team, the aim at the start of the season is the title - we are no different."

Challenge cup holders Shepton Beauchamp were contenders until just after Christmas before losing three of the last four and tailing off to finish fifth. 'The Old Monsters' have a news man at the tiller with Alex Cossins, assisted by his dad, PSDL legend Mike Cossins, taking over from Doug Whitfield who will continue to marshal the team's backline.

Elsewhere, Beaminster's defection, allied to a slight league reshuffle, means Combe Reserves and Netherbury avoided the drop despite finishing in the bottom two. Both will be pleased just to avoid a repeat this season with former Pinhoe boss Ted Locke looking to steer the Saints to calmer waters.

They could be rivaling Pymore, who are making their top-flight debut, Chard United and Wingham who have struggled for

numbers in pre-season.

The remaining two teams; Merriott, who boast a record 13 top division titles are back in the Premier after a gap of nine years, and West & Middle Chinnock, both look destined for mid-table finishes. Chinn's joint manager Dan Harvey is pleased to see his young squad stay together, he said: "All of our award winners last season were under 24 and there have been no departures. We are looking to add another youngster and a couple of older heads to add some experience."

## Around the League

LOOK out for Halstock and Farway United both bidding for back-to-back promotions as they return to Division One status.

Forton Rangers, Hawkchurch United and Waytown Hounds may have something to say about that.

Over at Uplyme, new manager Stuart Wooster has stepped up from the Reserves and is sure to bring some of his talented teenagers from that team with him.

Down in Division Two keep an eye on Thorncombe Charmouth and Crewkerne Rangers, under new manager Lee Drayton, while the Forton Rangers and Misterton Reserve teams could both push for promotion at the first attempt.

Division Three has been freshened up by new team Donyatt United and the return of Netherbury Reserves who will be playing from the Woodroffe School, Lyme Regis.

## INSIDE: Godfrey strike sends Portland through Raptors lose grasp of interval lead

**Torbay Trojans 30  
Jurassic Coast Raptors 16**  
*SW Division Two*

THE Jurassic Coast Raptors took another road trip, this time to Torquay to face the Torbay Trojans.

The Trojans, like the Raptors, sit near the bottom of the SW Division Two, managing two wins so far this season, and were looking to make that three in front of their home fans.

The first half started well for the Raptors. Driving down the field on the power running of full-back James Broughton, they got into the Trojan red-zone, but the drive stalled.

However, they were within range of a Field Goal, which Chris Cole duly converted.

Both teams were forced to punt on their next drives, but following

another Trojan kick, Sean Tapping fielded the ball and ran it right back for a touchdown.

Torbay responded and scored with a beautifully flighted pass over the top of the Raptor defence caught by the Trojan receiver in the endzone.

The Raptors had to punt again, but on the ensuing Trojan possession Sean Tapping intercepted the ball and ran in for another touchdown to give his side a 16-8 lead at half time.

Unfortunately, that was as good as it got for the Raptors.

After the turnaround the Trojans kept using it to drive down the field, scoring three touchdowns exposing the visitors' difficulty in stopping the power run.

The Raptors lost the threat of Broughton and Quarterback Tom Davis to injuries, and failed to

consistently move the ball.

They did remain a threat on special teams and kept the Trojans honest with their defence, but couldn't put any more points on the board as the hosts ran out 30-16 winners.

So the Raptors can now look forward to their last game of the season away to an impressive Swindon Storm side looking to finish the season in style.

Once again the Raptors will face an up-hill challenge to keep the score competitive.

Swindon Storm .....	8	5	146
